TECHNICAL DESCRIPTION

FastPatch DPR is an easy to install, long-lasting repair material for distressed pavement that can be applied in warm or cooler climates. Can be used with FastPatch Kicker (accelerator) to form a fast-curing permanent repair that is ready for traffic in a short period of time. DPR has excellent adhesion, absorbs impact and is freeze-thaw resistant. Easily create smooth transitions and ultra-tough level surfaces. Minimal site preparation and fast cure times reduce traffic interruptions. The product is completely odorless making it suitable for indoor applications as well.

APPLICATIONS

Roadways/Bridges

Spalls / Potholes

Wheel Path Areas

Approaches / Departures

Parking Lots

Holes

Walkways

Broken Areas

Warehouses

Floors

Spalls

Loading Areas

Sidewalks/Curbs

Trip Hazards

Walkways

Driveway Entrance
